

The World of Audeo

Audeo is a game of daring adventure in a dangerous land of fantasy not unlike Dungeons and Dragons. The mechanics are heavily focused on the idea of the gamble, and what you will dare (or risk) for victory. All of this intense action takes place in a wonderous fictional world that exists within the player's imaginations. In order to share the fun of the game, everyone needs to know some basic things about this world, which is called Laurus, and now resides in its third age...
