

Introduction

[Centaurus Gate](#) is a science fiction theme RPG based on a rebuild of WestEnd Game's Star Wars D6 RPG. While it is primarily inspired by Farscape, it also draws on many concepts presented in other shows such as Stargate. The game focuses on the adventures of a daring crew as they guide their starship into a galaxy far away to explore and exploit (a pioneer theme). Each player's character is a crew member of the starship in question, taking on one or more roles as crew. Blast off into a [Science Adventure](#)!
