The Graveyard

Where both good and bad characters go to rest in peace. The following characters are dead as doornails.

- Eli Caldwell - slain by Mai and Leo in his basement lair as his Tulpa psychic projection terrorized a child.
- Rodrigo Masters - slain by the Chicago empathic underground down the street from his shoreside mansion
- Brenna Youngblood - slain by the Chicago empathic underground at the warehouse lot ambush
- Ariel Tamanaka - slain by the Chicago empathic underground at the warehouse lot ambush
- Emma Humbert - slain by the Chicago empathic underground at Resurrection Cemetery when a ritual to bring her back to life went awry, leading to her becoming a flesh-eating fiend.
- Ann - werebear ally of the Order of the White Circle slain at Union Memorial Cemetery Park.
- Bersk - werebear brother of Ann, also an ally of the OotWC, slain in the hall out the back way of Delphine's Book store.
- “Roosevelt” - “Judy's” supposed husband, a cyborg killed in the home of the people they had replaced, found while investigating the disappearances of children at the CCEHV.
- Dr. Seabach - slain in the parking lot of a popular taco stand by the Chicago empathic underground, as he tried to ambush them with zombie toddlers.
- Faith - slain by Leo when she was threatening to comingle part of our world and the Fae world using unicorn energy.
