

Monitor Class Starships

Back to [These Are The Voyages](#) or [LUPOS](#)

Monitors are small, heavily gunned ships often without any FTL drives. They are meant to act as defense and fast response ships, stationed in systems for protection and monitoring. However, some do have limited FTL drives capables of low speeds, and act as escort ships for larger vessels.

Specifications

- Scale: 1
- Range: Minimal (in system only, or very short range)
- Capacities:
 - Sublight: 2
 - Lightspeed: 0
 - Weaponry: 2
 - Defenses: 1
