Mike Holmes

A somewhat ok guy, and runs a mean game of HQ and Chronica Feudalis.

RPG Designs

- Halflings - a RPG about little furry footed folk, and their food-filled fun.
- LiveHack - everybody else is doing it, so why not! In LiveHack, there whole world is nothing but one endless dungeon… or is it?
- Byzantine - what is your character's place amongst the teeming masses of the Great City? Where are they going? What will they discover on the way?
- Overheard at the Black Boar - A design that prompts players to create the world of play to develop their characters.
- Overheard at the Tavern - A design that prompts players to create the world of play to develop their characters.
- Underworld - a Dungeon World hack.
- Wild Lands - A Dungeon World supplement.
- Dungeons of Dangers - module adventure game.
- Caravan - a media-driven RPG.
- IRC Burst Play - a simple set of rules designed for short bursts of IRC play.
- Brazen Epoch - risky adventures in a fantastic world.
- Waking Cities - technician citizens aboard walking cities try to appease the ruling elite, but risk ending the world to do so.
- The Will to Power - fight or persuade, you have to pick one or the other on your way to power.
- Gear - a game about getting powerful with stuff that's more subtle than it sounds.
- D&D Refined - Mike's version of D&D
- Panorama - art-driven play of adventurous envoys across a fantastic world
- Speed Dungeon - or how to get through a dungeon map in short order.
- SD2 - another take on Speed Dungeon.
- Fair Play - another take at a media-driven game that revolves around world-building.
- Deck Builder Resolution System
- Under Fantastic Skies System - fantasy game with card resolution
