

Bridge Two (Sky Bridge)

Part of [Rays of Hope](#).

The second discovered [Sky Bridge](#). It is in orbit of [New Alderaan](#). When approached by a starship with a powered up hyperdrive (pre-jump mode) it starts to open, waits for 10 minutes, and eventually connects to [Bridge One](#). It is entirely possible the delay is it awaiting orders of a destination, and more Bridges exist, but no one really knows yet.
