SPECTER - Introduction

Specter is a role-playing game taking place in the far future, in a galaxy far away, where humankind is rising from the ashes of a terrible tragedy. It is a game of survival in a sprawling universe full of wonders to explore. If you can imagine a world were energy itself has been mastered and you can pull a spaceship out of your pocket, get ready to blast off!

Rules

The following pages contain the rules of the game. Read them over in sequence before you play. Don't worry, they are short.

- Getting Started
- Basics of Play

Inspiration

While this game has no direct inspiration, it pulls ideas from a lot of sources.
