

Name: Mai Lewandon

Sex: Female

Background: Mai was a good PI, working cases that slipped through the cracks or just weren't big time enough for the police. Everything changed one day, when she got a package delivered by an anonymous person when she was walking home one night. She opened the box, and inside was just a simple, yet intricately folded, origami flower. That spoke to her, in her mind, about the "Empathic Underground." And now she can hear people's thoughts and feelings. ALL THE TIME.

Things that should not be seen: There's a drug people have been taking that makes them happy (and also compliant, so it's encouraged by the corps) but the people don't seem the same afterwards, they seem to be changing... into something else, on the inside. Their brains don't feel the same as non-users.

Description: Mai is on the shorter side of average, with long black hair tied in a ponytail beneath the aforementioned hat. She holds herself with a wary confidence, the fingers of one hand dangling from the edge of the pocket of her leather jacket, the other on her hip. Her keen eyes flit around, taking in the scene, assessing the place for danger.
